Appointment of the Secretary to the Sanskrit college committee & other affairs of the college

Memo.

In accordance with the revised Rules of October last vernacular class has been opened in the Maharaja Sanscrit College Mysore; and a Matriculate and an Under-Graduate have been appointed to teach History, Geography Arithmetic and other General Subjects up to the Standard required for the local 'Teachers Examination'. The study of these subjects has been left entirely to the option of the students. It has however been explained to them that it would be advantageous to their future prospects to take up the course in addition to their Sanscrit Studies.

2. I must here explain that the general management of the College is far from Satisfactory. Under the

existing arrangements, the five Dharmadhikaris are supposed to exercise a joint supervision over the Institution. But one of them Pandit Rama Sastriar having assumed the entire power of managing the College, the other Dharmadhikaris, probably from dis-satisfaction of which there is a sufficient indication, seldom attend the College except during the periodical examinations or for the purpose of attending the Committee meetings.

Much irregularity is noticed in the attendance of Students and teachers, and dis-satisfaction prevails about the way in which Scholarships are awarded to Students.

No proper System is observed in Keeping the Registers and other Accounts.

3. I would therefore propose that Mr. A. Mrityun-jaya Iyer B.A. who has been temporarily attached to the Mysuru Department be appointed as Secretary to the Committee, his duties being to record all the Proceedings of the Committee and carry out their resolutions; to keep attendance Register, maintain all other accounts of the College. During his absence from Mysore on other duty, the Senior master of the Canarese branch of the College will do the duty of the Secretary and sign papers for him.

EDUCATION DEPARTMENT,
Bangalore, 27 Oct 1892.

My dear Sir,

The services of Srikyam-
jaya Iyer are temporarily
placed at your disposal
from the 1st Nov 92.

It seems to me that
for the regular inspection &
the services of Ranga Charlu
& the Asst Dy Inspectors should
be all that you require.
There can be only

The

four Sanskrit High Schools
at Chikballapura, Melkote,
Bangalore & Mysore, besides
the two Sanskrit Colleges
The Sadvidyasala may become
a Sanskrit High School
but the Sharada Vilasa School
at Mysore should be abolished
& the grant with the teachers
if necessary should be transferred to the Bhashoji Inam
or the Normal School
to be opened at Mysore.

Murrae

If you happen to know
will you kindly inform me whether
the Dewan will return to
Bangalore with the Viceroy?
If he does not return with-
the Viceroy will he come
back here shortly after the
Viceroy's departure?

Yours very truly

Memo.

His Highness the Maharaja's Sanscrit College, in Mysore, is maintained at an annual Cost of nearly Rs 14,000/- from the Muzrai funds supplemented by an — Educational grant. The Institution teaches up to the highest Standard, all branches of Sanscrit learning. Under the revised arrangements of October 1892, regular annual Examinations on the model of University degree Examinations have been instituted in all branches of Sanskrit Literature, and Sástras and successful Candidates therein are awarded Diplomas.

2. The curriculum of studies prescribed for the College is no doubt covers a wide circumference of knowledge

far as Sanscrit is concerned; but there being no provision to impart any sort of general Education, the Sanskrit students are sadly wanting in general knowledge. This defect in them is a serious draw-back towards making them useful to the public and also bettering their future prospects in life.

3. ~~I would therefore propose that~~ It is therefore necessary to make arrangements ~~be made~~ to give to the advanced students of the College a course of general Education in English. The utility and importance of such a measure has been fully recog-nised by the Dewan in the Memo issued by him so far back as 1883, regarding the management of the Sanskrit College.

I beg to annex below a few Extracts from the said memo, bearing on the subject

× — × — × — × — ×

The

"The addition of a knowledge
" of the Vernacular of the Country as well as
" of English, not only opens to the Sanskrit
" student a wide field of knowledge, but
" also enables him to be more useful
" to the public by being able to communicate
" to them the thoughts and ideas he
" possesses."!!

× × × × ×

"There is absolute necessity
" of attaching to the Institution, one who
" knows both Sanskrit and English, and
" is acquainted with school management,
" in order to work out the scheme above
" laid down; Also any of the students
" seeking to read English should find
" a master in him."

The scheme sketched out in the above memo has been carried out but partially. To give full effect to the views conveyed therein, I beg.

wmg
and early orders
for the Consideration of Government:—

(1) An English class should be opened in the Sanskrit College to give instruction up to the Matriculation Standard, to those who desire to go in for the same, after obtaining a diploma in any branch of Sanskrit learning. In order that the English Education may not supplant the study of Sanskrit, the English class attached should be open to only those who have already taken a diploma in Sanskrit

(2) As most of the Sanskrit Students who have obtained diplomas for Sanskrit learning are generally,

somewhat
~~a little~~ advanced in age, a few scholarships ranging from Rs 7 to 12 may be awarded to them as an incent- ive ~~for their taking up~~ to the study of English. These scholarships may be made tenable for a period of four years, within which time; the students may be fairly expected to complete the Matriculation course.

(3) The appointment as principal of the College, of an individual acquainted with School management and Combining a good knowledge of English a degree of proficiency

in Sanskrit, that would command the respect of your meeting Pandits is absolutely necessary. He should not only supervise the general working of the Institution, but also take charge of the teaching of the English class himself.

(4) The appointment of a strong managing Committee to guide and instruct the Principal in the management of the Institution.

(5) A good infusion of learned outsiders in the Examining body.

A. Mrityunjaya Iyer has been appointed Secretary to the Committee of H. H. the Maharaja's Sanscrit College Mysore and Manager of the Sanscrit College Bangalore. He also performs such other duties as may be assigned to him in my Office and occasionally even accompanies me when I go out on inspection work. His pay Rs 80/- per month is now met from the Sum of Rs 1000/- allotted for Supervision of the Mysore Sanscrit College according to the recent Government Proceedings re-distributing the funds of H. H. the Maharaja's College and Chattram in Mysore wherein no provision has been made for his travelling allowances.

2. As he still holds a permanent appointment

in the Educational De-
partment as an Assistant
Master in the Central College
and his services being only
temporarily lent to the
Mussrai Department since
November 1892. I request the
sanction of the Dewan to
treat him like other officials
attached to the Mussrai Secre-
-tary's Office and to allow
him to draw batta and
travelling allowances ac
-cording to the authorized
scales from the Provincial
Funds when out on duty
